

# **THE VILLAGES RECREATION SOFTBALL**

## **DIVISION V**

### **POLICIES AND PROCEDURES**

**Effective May 01, 2021 - All changes are in RED.**

The Villages Recreation Department's softball program is designed to offer recreational play in an organized and structured format to residents of The Villages. The Recreation Department regulations, the Official Senior Softball USA Rules and The Division V Rules govern play and all players are required to abide by them.

Participants are reminded that softball is a game to be enjoyed. Exercise, fellowship, and friendly competition are our goals. Negative comments about fellow players, opponents and umpires are not in keeping with the spirit of the sport. Disagreements between managers and players should be expressed with respect and consideration by both parties, preferably in private. No one should be disparaged or criticized in front of teammates and spectators.

The Policies and Procedure will only be changed during a season in progress as directed by The Village Recreation Department or by the Board of Directors for Division 5 for safety reasons. Documented clarifications of items below can be issued by the Board of directors if required.

To avoid massive emailing, where miss interruptions can occur, D5 participants may request to address the Board of Directors at their monthly meeting concerning topics of their concern. Documentation of the subject to be covered must be forwarded to the BOD prior to the meeting. A time allotment of 15 minutes for the presentation is allowed. The Board reserves the right to limit presentations. A CODE OF CONDUCT infraction may occur if this Policy and Procedure is not followed as documented. Please see D-GOVERANCE 6. for further guidelines.

The Villages COVID-19 protocol will be followed by at all times.

### **CODE OF CONDUCT**

The use of obscenity, profanity, or vulgarity in any conversation involving participants will not be tolerated. It is everyone's responsibility to maintain a safe, pleasant and comfortable playing atmosphere. Every individual who participates in this program has the right to be treated with respect. No one should be disparaged or criticized in front of teammates and spectators. Bring your complaints or concerns to your manager or any Board of Director. They will investigate and address any concerns. Participation or involvement in or presence at any Division 5 Softball Activity is a privilege rather than a right. The Division 5 Board of Directors reserves the right to file an incident report to the Villages Recreation Department Representative for any violation of the Code of Conduct by any participant or their guests.

5. A standing committee made up of 1 director, 1 manager and 1 player will resolve any errors in classifications; they will also evaluate any player who has not been rated through the draft. All new players and players not assigned a team during the draft will be considered C's unless and until they can be evaluated by the standing committee.

## I-SUBSTITUTES

When a player signs up to be a substitute and they later decide they do not want to substitute and leave the complex they **MUST** notify the DIC and/or cross off their name from the substitution list prior to substitute selection.. This activity will be monitored and players failing to comply will not be permitted to substitute during the next playing date.

- 1) **FIRST PRIORITY SUBSTITUTES**-Known as S1 is a player waiting for team assignment who has just completed The Villages evaluation process. Once this player has played a game that day they will become an S3 if they want to continue to sign up to sub. All S1 players will initially be rated "C". Players new to Division 5 will be invited to attend two scheduled practice sessions to have their skill levels reviewed by the evaluation team and then rated. Failure to attend these practice sessions will automatically result in a "C" rating.
- 2) **SECOND PRIORITY SUBSTITUTES**-Known as S2 players are those players who were not drafted for the first time and wish to be placed on a team, if a position opens, and those who signed up to sub only. Players may only sign up as a S2 for two consecutive seasons – if they request to be a S2 again they will automatically be designated as a S3. The BOD will maintain a separate list of S2 players, not drafted, who want to be assigned a team and a list of those who wish to sub only. All S2 players will have a rating from their last draft

**rating. This last draft rating may be raised or lowered by the evaluation team based on their most recent performances.**

- 3) THIRD PRIORITY SUBSTITUTES-Known as S3 is roster player who are substituting in their first game of the day. All S3 players will be rated according to the most recent draft. All players not drafted for two consecutive seasons will be, by Village rules, assigned to K5.**
- 4) FOURTH PRIORITY SUBSTITUTES- Known as S4 players are any player who have already played in two games that day.**
- 5) If a player is brought into a game to play for an injured player, they shall not be considered to have played as a substitute for that game. See J-#3 below.
- 6) A player's first priority is to his own team. If they are participating in a game as a sub prior to their own and their game is ready to start, they must leave the game in which they are subbing and report to his regularly scheduled game. This rule applies to players umpiring as well.
- 7) Substitutes are allowed to be courtesy runners.
- 8) Substitutes will be chosen from the existing sub-list (until it is exhausted). If a player becomes ill or is injured and must leave due to an emergency, or must comply with sub-paragraph 6 above, both managers must agree to the selection of a substitute who will be chosen at random if the sub-list is exhausted. If injury, illness or ejection causes a team to fall below eight roster players, it will not lose on a forfeit.
- 9) No substitute will be allowed for a player who leaves the game for reasons other than an emergency, injury or to participate in players own scheduled game. Players who are removed from the game by their manager for "Code of Conduct" violations will not be replaced by a substitute and will be a automatic out each time they are scheduled to come to bat. When the player, who left their game for any other reason than those above, has their turn at bat come up, the team will be charged with an out. This includes players ejected from the game by the umpires.
- 10) After subs have been drawn and assigned to a team, the manager will not be allowed to remove the sub and insert a roster player that arrived late.
- 11) A manager can request a sub pitcher if the team has 11 roster players ready to play at the field but not their designated pitcher. A team with 11 roster players ready to play at the field, including their designated pitcher, cannot request any substitute pitcher. A PC-Pitcher Certified will be assigned first. If no PC is available the manager may elect to have a PNC-Pitcher Not Certified or select a player from their team to pitch.
- 12) Teams without their pitcher and there are no substitute pitchers available will be assigned a regular substitute, if needed. The team Manager will then assign one of his players, or the substitute, to pitch and the game will be played in normal fashion without the elimination of pitches that would be called "balls".
- 13) A game will be forfeited if an illegal substitution is discovered at any time.
- 14) Players on a team that has forfeited their game and/or playing in a cancelled game will be allowed to substitute in games as a S4.
- 15) Managers are required to list substitute players at the end of their line-up in the order they were selected.
- 16) If a player notifies their manager that they will miss games (a minimum of 4 games are required to be missed) due to medical reason (such as: cataract removal, stent, dermatologist, family medical emergency) the manager will than notify the BOD what player will be missing how

many games (games missed not to exceed the 70% rule or eight consecutive games with starting and ending dates for the games to be missed). The BOD will then authorize a medical substitute. The manager will ask a player from the S1 or S2, of the same rating, if they would want to be on his team for the prescribed games.

## J-PROCEDURE FOR SELECTING SUBSTITUTES

- 1) Managers must give two copies of their lineups to the Director in Charge (one copy to the score keepers and one copy for the opposing manager) thirty (30) minutes prior to game time. The line up and score keeping sheet must have the pitcher (P) and players who need runners (R) designated. Substitutes shall be entered on score sheet after the regular players with proper notations.
- 2) Managers should note the number of subs needed on the substitution sheet located outside the snack bar **AT LEAST thirty (30)** minutes prior to the scheduled game time.
- 3) A team can receive a "A", "B" or "C" substitute for their missing like rated player to bring their team to the authorized roster level. A team may not receive a higher ranked player than is missing **and** must field a 12 player team. If both teams have 11 players and need the same rated player and only one is available each team will receive the next lower rated player. The Director in Charge will decide what is fair for all teams.
  - a. The DIC will begin selecting substitutes thirty (30) minutes prior to the scheduled game time. The procedure for picking subs is as follows:
  - b. The BOD member will draw numbered pills from the can and assign that number to each sub.
  - c. All players that signed up to substitute for a game will have number pills drawn and the number assigned to them for the game they signed up to play.
  - d. Players will be placed on teams needing substitutes by selection of numbered pills with the lowest numbered pill being assigned first. "A" players required are assigned first, then "B" and finally "C" players all by pill number. If there are no "A" players available the team will be assigned a "B" player. If no "B" players are available the team will be assigned a "C". All teams will play with 12 players in their lineup.
  - e. All rated players in the S1 category will be assigned prior to any S2, S3, or S4 subs being selected based on their player rating. Those players who were not drafted on the most recent draft will be S1s waiting to be placed on a team and be a S1 for substitute selection as well as newly evaluated players.
  - f. The same selection criteria outlined above will apply to the selection of S2, S3 and S4 substitutes by rating and need.
  - g. The subs will be selected starting from the lowest number proceeding to the highest number within a priority until all the subs have been assigned or until there are no more subs. Low numbers are assigned first.
  - h. If there is only one game scheduled, the visiting team will receive a sub first and then the home team will receive a sub until both teams are filled or until all of the available subs have been assigned.
  - i. If two (2) or more fields are being utilized simultaneously, selections will be made in ascending order of field number. For example: Field 1 Visitors and then Field 1 Home,

then Field 2 Visitors, then Field 2 Home, etc., after which each team will then select its second sub beginning with Field 1 Visitors.

- 4) Selection of substitute pitchers are an exception. Pitchers will be assigned to teams based on their numbered pill drawn as a pitcher. Teams needing a pitcher will receive a pitcher as their first pick and they will be assigned before other substitute selections. Pitchers who sign up to substitute as a player (not as a pitcher) will be rated and their selection as a substitute is based on the pill number drawn for them. "A" rated pitchers will not be assigned as a substitute if the team needing a pitcher has its full complement of "A" players. A team cannot receive a substitute pitcher if their pitcher is listed in their lineup. S1 and S2 pitchers are selected before a roster pitcher.
- 5) If there are not enough substitutes available, the DIC will have an announcement made over the PA system requesting additional substitutes. Teams starting their games with less than 11 players will be assigned substitutes during their game as they become available.
- 6) We want to have a fair and equal opportunity for all to substitute. Managers and players may not preselect subs. Deviations from this procedure should be reported to a BOD in writing as soon as possible. If a sub is found to have been chosen outside the system, he will be removed from the game, he will not be replaced, and each time he is scheduled to bat he will counted as an out.
- 7) If a manager knows they will be missing a pitcher or "A" player they are encouraged to call players to see they will come out and sign up as a substitute. There is no guarantee that the players they ask to sign up will be selected for their team. Selection is based on the pill draw.

## **K- REPLACEMENT OF ROSTER PLAYERS**

- 1) Newly evaluated players by The Villages who desire to be placed on a team will be assigned an S1 substitute category and rated by the evaluation team.
- 2) Each Manager will be required to maintain a roster of players so designated by the BOD. If a manager knows that any player will miss more than 30% of the games during the season, that player **must** be immediately replaced. Any Manager found to be skirting this rule may suffer sanctions by the Board. There will be no replacement players assigned if there are six (6) or less scheduled games remaining in the regular season.
- 3) Any manager requiring a replacement player, must submit a written request to the Board for a new player. Players will be assigned based on their category (S1 first), attendance as substitutes, and their rating (A, B, C). Substitutes will be assigned as determined by the date of the written request and pills drawn if more than one is available based on the above criteria. If more than two teams need replacements the team will draw numbers to determine who receives the first player. Managers may accept a lower rated player to fill out his lineup. A list of available replacement players and attendance records will be maintained.
- 4) Managers are encouraged to have S2 players declare they are ready to play based on their rating if there is a need for their team. If more than one team required this type of rated player a drawing will be held.
- 5) When replacement players are selected the team needing the most replacements supersedes other teams.

## **L-SCOREKEEPING GUIDELINES**

Every team will be scheduled to keep score during the season. Some teams will get the duty multiple times during the season. All score keeper will be present 30 minutes prior to their schedule game start.

- 2) The manager is responsible for scheduling, supervising, and managing the scorekeepers for the day. The manager will insure that players have the correct designation on the score sheet: pitchers an "P", runners an "R" and substitutes an "S".
- 3) The manager of the team assigned to score keep must be present throughout the entire day. He cannot sub that day.
- 4) Each scorekeeper will be assigned to a scheduled game. The manager must submit their names and scheduled times to the DIC before scorekeeping is to begin. The list will be used to identify who is scheduled to score keep and when.
- 5) Managers will assure that the scorekeepers are trained in the proper scoring techniques and operation of the scoreboards.
- 6) Scorekeepers may substitute before their scoring duties or after they have completed scoring the game they were assigned. It is the Manager's decision when to release scorekeepers. Scorekeepers can sign up as a substitute in the S2 category.
- 7) If a scorekeeper is subbing in a game and it is time for his scheduled scorekeeping duties, he must immediately leave the game he is subbing in and report to the scoring booth.
- 10) After each game, the Manager will collect the score sheets, check them for accuracy, and return them to the DIC for faxing.
- 11)The Scoring Booth is for Scorekeepers only. Any dispute involving the scorekeeping will be handled by the team Manager only.
