Structure: At this time, we are unable to determine the structure of each division for the individual competition. The anticipated release of the individual competition will be no later than **noon on Friday**. There is a possibility some individual rounds may begin late Friday afternoon, but until classification is complete and the appropriate divisions/pools can be created, we will not know if we need to start games on Friday. Saturday and Sunday will consist of individual play and elimination games.

Please note:

- Any divisions that consist of **five players or less** will have one pool
- Any division that has **six to seven** players may be one pool or two pools. If there are two pools the top two teams in each pool will progress to the Elimination Stage.
- Any division with **eight or more** players will be split into pools and the top two teams in each pool will progress to the Elimination Stage.

For the complete pool structure and competition structure please refer to the USA Boccia Competition Procedures which was included in another document.
