

Revised 4-10-19 8:23AM

13-15 Year Old League rules will be followed with exceptions created specifically for our league. See links below for those exceptions.

See [General League Rules](#) and [Pitching Rules](#) and [Field and Game Details](#) for rules specific to our league.

Single Game Night: 2hr Game Limit

2 Game Night: 1hr 45min Game Limit

- 1) All players bat in the lineup.
- 2) Open substitutions. A defensive substitution can be made at any time, a player can enter & exit defensive positions with no limit. Only pitching limits apply. See the link above for those limitations.
- 3) All bats that meet any baseball organizations standards are legal unless they have been altered.
- 4) Metal spikes are allowed.
- 5) In the event of a tie at end of the game (either via innings or time-limit), we will play one extra inning only, unless it's a tournament game then we must play until there is a winner. The team at-bat will start with the bases loaded and no outs. The batter that made the last out will go to 3rd base, the previous batter in the lineup will go to 2nd base, the second previous batter will go to 1st base.
There is NO penalty for placing runners on base if a team is playing with fewer than 9 players. No bases will be left empty and no outs will be given to start the inning if a team only has 7/8 players. Just place runners on base as they are listed in the lineup disregarding the absent 8th/9th batters. An out will still be given like usual for the missing 8th/9th place batter if they come up to bat.

6. In [baseball](#) an **uncaught third strike** (sometimes referred to as **dropped third strike** or **non-caught third strike**) occurs when the [catcher](#) fails to cleanly catch a [pitch](#) for the third [strike](#). In [Major League Baseball](#), the specific rules concerning the uncaught third strike are addressed in Rules 5.05 and 5.09 of the Official Baseball Rules:^[1]

On an uncaught third strike with (1) no runner on first base, or (2) with a runner on first base and two outs, the [batter immediately becomes a runner](#). The strike is called, but the [umpire](#) does not call the [batter](#) out. The umpire may also signal that there is "no catch" of the pitch. The batter may then attempt to reach first base and must be [tagged](#) or [forced](#) out. With two outs and the bases loaded, the catcher who fails to catch the third

strike may, upon picking up the ball, step on home plate for a force-out or make a throw to any other base in an effort to force out a runner. An ~~%~~uncaught+strike includes not only pitches dropped by the catcher, but also pitches that hit the ground before the catcher attempts to catch it.
