Participants appealing a suspension on their behalf are responsible for all personal costs incurred for attending said meeting. After conclusion of the final appeal hearing, the appellant will be notified within fifteen (15) days of the decision. This is the final judgment.

If at any time in the appeal process the appellant or Association fails to meet proper time notification deadlines the appeal process is ended and participant accepts last judgment rendered if at fault or decision will be rendered in favor of appellant if association fails to comply.

Rule 1- DEFINITIONS

ALTERED BAT- A bat is considered altered when the physical structure of a legal softball bat has been changed. Vising, rolling or any other process that exerts more pressure on the bat other than the typical bat and ball collision is considered altering a bat.

APPEAL PLAY- A play in which an umpire may not make a decision until requested by a manager, coach or player. The appeal must be made before the next legal or illegal pitch, or before the pitcher and all infielders have clearly vacated their normal fielding positions and have left fair territory on their way to the dugout area. On the last play of the game, an appeal can be made until the umpires leave the field of play.

BASE ON BALLS- permits a batter to gain first base without liability to be put out and is awarded by the umpire when four (4) pitches in FP or three (3) pitches in SP have been judged to be balls by the umpire.

BASE BURGLAR / BASE BANDIT- 
A. Shall be designated before the game, and listed on the line-up card.
B. Shall not be a position player or EP.
C. Is eligible to run multiple times per half-inning for the same batter that they ran for the first time.
D. May be utilized as a regular substitute; however, that team loses the base burglar option for the remainder of that game.
E. In co-ed play, teams may have a male and female base burglar. Males can run for males and females can run for males or females.

BASE PATH- An imaginary line, three (3) feet on either side of a direct line between the bases and the player or a direct line between a base and the runner’s position at the time a defensive player is attempting (or is about to attempt) to tag the runner.

BASE RUNNER- An offensive player that has reached first base, but has not yet scored or been put out.

BATTED BALL- A batted ball is any ball that hits the bat, or is hit by the bat and lands either in fair or foul territory. No intent to hit the ball is necessary.

BATTER’S BOX- The batter’s box is the 3 foot by 7 foot area to which the batter is restricted. The lines are considered as being within the batter’s box.

BATTER-RUNNER- A player who has finished a turn at bat but has not yet been put out, or touched first base.
BATTLING ORDER - The official listing on the lineup card of offensive players by name, defensive position and uniform number in the order in which member of that team must come to bat.

BLOCKED BALL - A batted or thrown ball that is touched, stopped or handled by a person not engaged in the game, or which touches any object that is not part of the official equipment or official playing area.

BLOOD RULE - Refers to a player, coach or umpire who is bleeding, or has blood on his uniform and treatment is required. A player, coach or umpire who is bleeding or has blood on the uniform, shall be prohibited from participating further in the game until appropriate treatment can be administered. If medical treatment is administered in a reasonable length of time, as determined by the umpire, the player will not have to leave the game. Uniform violations occurring as a result of the blood rule will not be enforced.

BUNT - Legal in FP play only, a bunt is a fair ball in which the batter does not swing to hit the ball, but holds the bat in such a manner in the path of the ball, to tap the ball slowly to the infield.

CATCH - A catch is a legally caught ball which occurs when the fielder catches a batted, pitched or thrown ball with the hand or glove. In establishing a valid catch, the fielder shall hold the ball long enough to prove that the player has complete control of it or that the release of the ball is voluntary and intentional. If a player drops the ball after reaching into his glove to remove it or while in the act of throwing, it is a valid catch. If the ball is merely held in the fielder’s arm or prevented from dropping to the ground by some part of the fielder’s body, equipment or clothing, the catch is not completed until the ball is in the grasp of the fielder’s hand or glove. It is not a catch if a fielder, after he contacts the ball, collides with another player, umpire or a fence, or falls to the ground and drops the ball as a result of the collision or falling to the ground. A ball which strikes anything other than a defensive player while it is in flight, is ruled the same as if it struck the ground. An illegally caught ball occurs when a fielder catches a thrown or batted ball with anything other than his hand or glove in its proper place.

CATCHER’S BOX - The area defined by lines which are considered within the catcher’s box. The catcher’s body and equipment are considered within the box unless touching the ground outside of the box. The catcher must remain in the box until the pitched ball is batted, touches the ground or plate or reaches the catcher’s box.

CHARGED CONFERENCE - A charged conference takes place when:

A. Defensive Conference. The defensive team requests a suspension of play for any reason, and a representative (not already on the field) enters the playing field and gives the umpire cause to believe that he has delivered a message (by any means) to the pitcher.
When the representative crosses into foul territory on the return to the dugout, the conference is over.

**B. Offensive Conference.** The offensive team requests a suspension of play to allow the manager or other team representative to confer with the batter and/or base runners.

**CHOPPED BALL** - Legal in FP only, a chopped ball occurs when the batter strikes downward with a chopping motion of the bat.

**COACH** - A base coach is a member of the team at bat who takes his place within one of the two coach’s boxes on the field to direct the players of his team in running the bases. One coach is allowed at first base, and the other is allowed at third base. One coach can have in his possession a score book, pen or pencil and an indicator. All of which shall be used for score keeping or record keeping.

**CROW HOP** - occurs in FP play, and is the act of a pitcher replanting the pivot foot, and pushing off from a spot other than the pitcher's plate. This is considered an illegal pitch.

**DEAD BALL** - The term that is used for a ball that has crossed over the dead ball line, touched a player or object not involved in the game, and/or the umpire has ruled it dead.

**DEFENSIVE TEAM** - The defensive team is the team in the field.

**DISLODGED BASE** - A dislodged base is a base displaced from its proper position on the field.

**DOUBLE PLAY** - A play by the defense resulting in two offensive players being legally put out.

**EJECTION** - The result of an incident that requires removal from the game by the umpire, whereby the ejected player or coach can no longer participate or remain within sight or sound of the playing area for the duration of the game. Any ejected player discovered participating will constitute a forfeit. Failure to leave the playing area will result in a forfeiture of the game. In FP play, the ejected player or coach must also sit out the next game.

**FAIR BALL** - A fair ball is a batted ball that

A. Settles, or is touched in fair territory between home and first base or home and third base.

B. Bounds over or past first or third base, which is in fair territory, regardless of where the ball hits after going over the base.

C. While on or over fair territory, touches the person, attached equipment of clothing of a player or umpire.

D. Touches first, second or third base.

E. First falls or is touched on or over fair territory beyond first, second or third base.
F. While over fair territory, passes out of the playing field beyond the outfield fence.
G. Hits the foul line beyond first base or hits the foul pole.
Note: A batted ball shall be judged according to the relative position of the ball and the foul line, including the foul pole, and not as to whether the fielder is on fair or foul territory at the time he touches the ball.

FAIR TERRITORY- Fair territory is that part of the playing field within, and including the first and third base foul lines from home plate to the bottom of the playing field fence and perpendicularly upwards.

FAKE TAG- A form of obstruction by a fielder who neither has nor is about to receive the ball and which impedes the progress of a runner either advancing or returning to a base. The runner does not have to stop or slide. Merely slowing down when a fake tag is applied would constitute obstruction.

FIELDER- A fielder is any player of the team in the field.

FLY BALL- A fly ball is any fair or foul ball batted into the air.

FORCE OUT- A force out is an out which can be made only when the base runner loses the right to the base they are occupying because the batter becomes a batter-runner, and before the batter-runner or succeeding runner has been put out.

FOUL BALL- Is a batted ball that:
A. Settles or is touched on or over foul territory between home and first base or home and third base.
B. Bounds or rolls past first or third base on or over foul territory
C. While over foul territory, touches the person, attached equipment or clothing of a player or an umpire, or any object foreign to the natural ground.
D. First hits the ground or is touched over foul territory beyond first or third base. A caught fly ball is not a foul ball.
E. Touches the batter or bat in the batter’s hands a second time while the batter is still inside the confines of the batter’s box.

FOUR BASE AWARD – Any fair ball touched by a defensive player that clears or has cleared the fence in fair territory, should be declared a four base award and shall not be included in the total of over the fence home runs

FOUL TIP- In FP, a foul tip is a batted ball that goes directly from the bat, not higher than the batter’s head into the catcher’s hands or glove and is legally caught by the catcher.
Note: A foul tip that is legally caught by the catcher remains a live ball.

GROUND RULE DOUBLE – A batted ball that lands in fair territory and bounces over or rolls under the fence, or goes into a dead ball area.
HOME TEAM- The home team shall be designated by mutual agreement or by a flip of a coin, unless otherwise stated in the rules of the organization by which the schedule of the game is being played.

ILLEGAL BAT- An illegal bat is any bat that does not meet requirements of the ISA rules.

ILLEGALLY BATTED BALL- An illegally batted ball occurs when:
   A. A batter’s entire foot is completely out of the box and on the ground when the batter hits the ball fair or foul.
   B. Any part of the batter’s foot is touching home plate when the ball is hit.
   C. The batter hits the ball with an altered or illegal bat.

ILLEGALLY CAUGHT BALL- An illegally caught ball occurs when a fielder catches a batted or thrown ball with their cap, illegal glove or any part of the uniform or equipment detached from its proper place.

ILLEGAL PITCHER- An illegal pitcher is a player legally in the game, but one who may not pitch as a result of being previously removed from the pitching position.

INELIGIBLE PLAYER- is one who does not meet the requirements of the ISA. The determination of eligibility is the responsibility of the tournament director. The use of an ineligible player will constitute a forfeit if properly protested.

IN FLIGHT- In flight is a term used for any batted, thrown or pitched ball, which has not yet touched the ground or some object or person other than a fielder.

IN JEOPARDY- In jeopardy is a term indicating that the ball is in play and an offensive player may be put out.

INFIELD- The infield is that portion of the field in fair territory that includes the area normally covered by infielders.

INFIELD FLY- An infielid fly ball is a fair ball (not including a line drive or an attempted bunt) which can be caught by an infielder with ordinary effort; and when first and second or first, second and third bases are occupied; and when there are fewer than two (2) outs. Any defensive player who positions himself in the infield at the start of the pitch shall be considered an infielder for the purpose of this rule.

The infield fly is ruled when the ball reaches the highest point based on the position of the closest infielder regardless of who makes the play. When it seems apparent that a batted ball will be an infield fly, the umpire shall immediately declare “Infield Fly. If fair, the batter is out.”

The ball is live and runners may advance at the risk of being called out. The runner may tag up and advance once the batted ball is touched (prior to
catching); the same as any fly ball. If a declared infield fly ball becomes a foul ball, it is treated the same as any foul ball.

**INNING-** An inning is that portion of a game in which the teams alternate between offense/defense and there are three outs for each team. A new inning begins immediately after the final out of the previous inning is recorded.

**INNING ENDING OUT-** Occurs when the offensive team hits an unassisted homerun that travels beyond the fair field of play after which the team has reached their home run limit for the game. The home run, which puts the team over the home run limit, will end the offensive team’s at bat no matter how many outs have been recorded.

**INTENTIONAL WALK -** When a batter is awarded first base without having to be pitched to and without liability of being put out.

**INTENTIONALLY DROPPED FLY BALL –** A batted ball that is intentionally dropped, whether it be touched or untouched, for the purpose of deceiving the base runners.

**INTERFERENCE-** Interference is the act of an offensive player or team member that impedes or confuses a defensive player while attempting to execute a play.

**LEAP PITCH-** Occurs when the pitcher releases the ball with both feet off the ground.

- In fast pitch this is treated as an illegal pitch.
- In slow pitch the ball is immediately ruled dead by the umpire & a ball awarded to the batter.

**LEGAL TOUCH-** A legal touch occurs when a runner or batter-runner who is not touching a base is touched by the ball while the ball is held securely in the fielder’s hand or glove.

**LINE DRIVE-** A line drive is a fly ball that is batted sharply and directly into the playing field.

**LINE-UP CARD-** Shall consist of the batting order, including the DH & EP(s) if used. Also, the BB, and the DEFO (FP only) shall be listed and noted at the end of the line-up card, along with all potential substitutes.

**OBSTRUCTION-** Obstruction is the act of

- A defensive player or team member who hinders or prevents a batter from striking or hitting a pitched ball.
- A fielder, while not in possession of the ball, the act of fielding a batted ball, impedes the progress of a base runner who is legally running the bases.
- The act may be intentional or unintentional, physical, verbal or audible.
OFFENSIVE TEAM - The offensive team is the team at bat.

OFFENSIVE EJECTION – When a player may continue to play defense but is no longer allowed to play offense.

ON-DECK BATTER- The on-deck batter is the offensive player whose name follows the name of the person currently batting.

OUTFIELD- The outfield is that portion of the field in fair territory that is not normally covered by an infielder.

OVER-SLIDE- An over-slide is the act of the offensive player sliding beyond a base they are attempting to reach. This is usually caused when their momentum causes them to lose contact with the base, which then causes the batter-runner to be in jeopardy. The batter-runner may over-slide first base without being in jeopardy, if they immediately return to that base.

OVERTHROW- An overthrow occurs when a thrown ball from a fielder goes beyond the boundary lines of the playing field into dead ball territory or becomes a blocked ball.

PASSED BALL- A pitched ball that the catcher fails to stop or control with ordinary effort, enabling a runner(s) to advance.

PIVOT FOOT- in FP is the pitcher’s foot that must be in contact with the pitcher’s plate or ground until the pitcher’s other foot, with which the pitcher steps toward home plate, touches the ground.

PLAY BALL- is the term used by the umpire to indicate that play shall start. It shall not be declared until all defensive players are in fair territory except the catcher, who must be in the catcher’s box.

PROTESTS- There are four (4) types of protests:

A. Misinterpretation of a playing rule; must be made before the next pitch, or if on the last play of the game, before the umpire leaves the playing field.

B. Illegal substitute or re-entry; must be made while the player is in the game and before the umpire’s leave the field.

C. Ineligible player; can be made during the game under the following guidelines
   a. if a starting player, must be made before the completion of the third inning,
   b. if a substitute player, must be made before the completion of the inning in which that player entered the game.

D. Illegal equipment protest can be made at any time during the tournament.

Note: The protest fee is $125, and must be paid to the tournament director in cash at the time the protest is raised.
QUICK PITCH- A quick pitch is made by the pitcher with an obvious attempt to catch the batter off balance. This would occur before the batter takes a position in the batter’s box or while they are still off balance as a result of the previous pitch. It could also be used to catch a base-runner off the base to which the runner is returning.

SACRIFICE- A batter is credited with a sacrifice when, with not more than one out, a bunt or fly ball enables a runner to score and the batter-runner is put out before reaching first base; or, if a fielding error occurs and it is judged that the batter-runner would have been put out.

STEALING - The act of a runner attempting to advance to the next base without the aid of a base hit, being put out or as a result of a fielding error (including batter error).
   A. SP; runners are permitted to steal once the ball hits the ground, hits home plate or crosses home plate.
      ➢ The ball is ruled dead and runners may not attempt to steal if the ball comes into contact with the batter; or if the batter swings at the pitch; or, if in the umpire’s judgment, the batter makes any motion that disconcerts the catcher.
      ➢ The ball is also dead if the umpire handles the ball or if the ball lodges in the umpire’s clothing. NOTE: The ball merely bouncing off the umpire does not constitute a dead ball.
   B. FP; runners are permitted to steal once the ball is released by the pitcher (stealing is not permitted in the 8 & Under division)

STRIKE- Is called when a legally pitched ball crosses through the strike zone of a batter.

STRIKE ZONE- When the batter assumes a natural batting stance, the strike zone is the space over any part of home plate between the:
   A. SP; back shoulder and front knee
   B. FP; chest and knee

TRAPPED BALL- A trapped ball is
   A. A batted fly ball or line drive which hits the ground or a fence prior to being caught.
   B. A thrown ball to any base for a force out which is caught with the glove over the ball on the ground rather than under the ball.

THREE FOOT LINE- The three foot line is a line parallel to and three feet from the base line starting at a point halfway between home plate and first base. This is the running lane in which the batter-runner is permitted to occupy when running to first base. The batter-runner is declared out when the batter runs outside the three foot line, and in the judgment of the umpire, interferes with the fielder attempting to field a batted or thrown ball.

TIME- The term used by the umpire to order the suspension of play.
TURN AT BAT- A player's turn at bat begins when the player enters the batter's box and continues until the player is put out, becomes a batter-runner or is substituted for while at bat.

UNSPORTSMANLIKE ACT OR CONDUCT
Coaches, players, or team members will not make disparaging or insulting remarks to or about opposing coaches, players, officials or spectators; nor will they commit other acts such as fighting or throwing objects.
Note: The coach of the team will be given a warning. If further acts occur, the Tournament or Site Director will be called. If, in the Director’s opinion, the conduct warrants action, the coach, player, team member and/or spectator will be removed from the complex for the remainder of the game or tournament, depending on the severity of the act. Failure to comply will warrant forfeiture of the game.

WILD PITCH- Occurs when a pitch is thrown that cannot be handled by the catcher with ordinary effort.

G. A regulation tie game shall be declared when the game is called if the score is equal and at least three and ½ innings have been completed.

H. Games that are regulation tie games shall be resumed at the exact point where they were stopped.

**Rule 6: Section 5 - Extra Innings / International Tie Breaker**

If after completion of seven innings of play, the score is tied, the following will take place:

A. Starting with the top of the eighth inning, and each half inning thereafter, the offensive team shall begin its turn at bat with the last batter of the previous inning being placed on second base.

B. Teams shall continue playing additional innings until one side has scored more runs than the other at the end of a complete inning, or until the home team has scored more runs in their half of the inning, before the third out is made.

**Rule 6: Section 6 - Forfeited Games**

A forfeited game shall be declared by the umpire in favor of the team not at fault in the following case(s):

A. If the umpire is physically attacked by any team member and/or spectator.

B. If a team fails to appear on the field, or being on the field, refuses to begin a game for which it is scheduled or assigned within the time set for forfeiture.

C. If one team refuses to continue to play after the game has begun, unless the game has been suspended or terminated by the umpire.

D. If, after play has been suspended by the umpire, one team fails to resume playing within two minutes after “Play Ball” has been declared by the umpire.
E. If a team employs tactics noticeably designed to delay or hasten the game.
F. If, after a warning by the umpire, any one of the rules of the game is willfully violated.
G. If the order for the ejection of a player is not obeyed within one (1) minute.
H. If the ejection of a player or players from a game results in fewer than the required number of players to continue the game.
I. ISA Directors may declare a game a forfeit in the event of unsportsmanlike conduct by any team, team member or fans of the team.
   a. Umpires shall warn the offending team to control the actions of its fans.
   b. If the team is unable to do so, then the umpire or tournament director can declare a forfeit.

Note: If deemed necessary, the ISA Tournament Directors may allow a grace period before declaring a forfeit during the first round of play. After the first round of play has been completed, whether by play or by forfeit, each team will be responsible for being at the correct field, at the correct scheduled time.

Rule 6: Section 7 - Scoring Runs
A. One run shall be scored each time a runner legally touches all bases before the third out of an inning is recorded.
B. In all classes, a batter hitting a home run or earning a four base award is not required to touch any base. This is known as the “Hit and Sit” rule.
   a. Runners on base at the time of the home run or the four base award are not required to touch the next base.
C. No run shall be scored if the third out of an inning is the result of:
   1. A batter-runner being called out prior to reaching first base
   2. Any runner being forced out due to the batter becoming a batter-runner.
   3. A runner being put out by a tag or live ball appeal prior to the runner touching home plate.
   4. A preceding runner is declared out on an appeal play.
      a. An appeal can be made after the third out of an inning to nullify a run.

Rule 6: Section 8 - Game Winner
The winner of the game shall be the team that scores the most runs in a regulation game.
A. Called Regulation Game: The score of a called regulation game shall be the score at the end of the last complete inning, unless the team has
scored an equal number or more than the first team at bat in the incomplete inning.

B. Tied Regulation Game: The score of a regulation tie game shall be the tie score when the game was terminated.

C. Forfeited Game: The score of a forfeited game shall be 7 to 0 in favor of the team not at fault.

Rule 6: Section 9 - Charged Conference

A. Offensive Conference - There shall be only one (1) charged conference between the manager and/or bench representative and the batter, another team representative, and or runner (s) in an inning. The umpire shall not permit any such conferences in excess of one in an inning. **Effect:** Ejection of the manager or team representative who insists on another conference.

B. Defensive Conference - There shall be only two (2) charged conferences between the manager or other bench representative with any defensive player in a game:
**Effect:** All conferences with any defensive player, beginning with the third conference shall result in the removal of the pitcher from that position for the remainder of the game. If that pitcher returns to the pitcher’s position at any time during the remainder of the game, it will cause an immediate ejection of that player. The removed pitcher can play any other position on defense.

Rule 6: Section 10 - Home Run Limits / Penalty

A limit of over the fence home runs will be used in the program on the following chart. All balls hit over the fence by a team in excess of the following limitations per game will be ruled on as shown on the chart.
**Note:** For the purpose of this rule, a home run will be defined as an unaided ball over the fence in fair territory. All home runs will be considered a home run even if there is an out recorded by appeal or any other reason. Any fair fly ball that is touched by a defensive player and goes over the fence in fair territory will be declared a four base aware and shall not be included in the total of over the fence home runs.

B. Inning Ending Out- per the chart, when the offensive team has exceeded its home run limit, the home run that puts the team over the limit will end that half of the inning, no matter how many outs are left.

C. The game may end on an automatic out.

**RULE 7; Pitching Regulations (slow pitch)**

**Rule 7: Section 1 - Preliminaries**

A. When starting the game and at each half inning, or when a pitcher relieves another, not more than one minute may be used to deliver 3 warm-up pitches. Play shall be suspended during this time.

B. No warm-up pitches shall be thrown with excessive speed.

**Effect:** The pitcher shall be warned. If the act is repeated, the pitcher shall be removed from the pitching position.

**Rule 7: Section 2 - Legal Delivery**

A pitcher’s box consisting of the area from the front of the pitcher’s plate, 50 feet from home plate, and extending back 6 feet perpendicular to the pitcher’s plate shall be used. One foot must remain in contact with the pitcher’s plate/box with the pitch is released with an underhand motion. A step simultaneous with the release of the ball may be taken in any direction with the free foot. This area should be chalked off. The pitcher’s box allows the pitcher to release the ball from 50 to 56 feet from home plate.

The catcher shall remain within the lines of the catcher’s box until the pitched ball is batted, touches the ground, touches home plate, or reaches the catcher’s box.

A. The pitch starts when the pitcher makes any motion that is part of the wind-up after the required stop. The pitcher must keep 1 foot in contact with the ground at all times. Any type of wind-up may be used. The ball shall be delivered toward home plate below the hip, from the pitching hand, at a moderate speed, which is left entirely up to the judgment of the umpire. The umpire shall warn a pitcher who delivers a pitch with excessive speed. If the act is repeated, the pitcher will be removed from the pitching position for the remainder of the game. **PENALTY:** dead ball and a ball is called on the batter.

B. The ball must be released within 3 seconds of the start of the wind-up or of the umpire saying “Play Ball.”
Effect: Rule 7 - Section 2 – Sub-sections A-B,

- the ball is dead
- a ball is awarded to the batter.

C. The pitch must have a perceptible arch, having a minimum height of 4 feet and a maximum of 10 feet from the ground, in the umpire’s judgment.

D. If a batter swings at a pitch, after it hits the ground or the plate, the batter is out and ejected from the game.

E. Neither a pitcher, nor any other player shall be allowed to use a foreign substance on the ball, pitching hand or fingers. Under the supervision and control of the umpire, powdered resin may be used to dry the hands. Batting gloves may not be worn on the pitching hand. A non-distractive color bandage may be worn on the pitching hand, for injury only.

Rule 7: Section 3 - Illegal Delivery
Any pitcher’s action that does not conform to the ISA pitching regulations will be illegal, resulting in a ball being awarded to the batter. If the batter swings at any illegal pitch other than one hitting the ground or the plate, the play shall stand on the result of the swing.

Rule 7: Section 4 - Quick Pitch
The pitcher shall not attempt to return the ball before the batter has taken position in the batter’s box, or when the batter is off balance as a result of a prior pitch.

Effect: The ball is immediately ruled dead and a ball is awarded to the batter.

Rule 7: Section 5 - Leap Pitch
The pitcher shall not release the ball with both feet off of the ground.

Effect:
- In fast pitch (FP) this is treated as an illegal pitch.
- In slow pitch (SP) the ball is immediately ruled dead by the umpire and a ball is awarded to the batter.

Rule 7: Section 6 - Defensive Positioning
No defensive player shall take a position in the batter’s line of vision with deliberate unsportsmanlike intent, or act in a manner to distract the batter. A pitch does not have to be released.

Effect: The offending team shall get 1 warning per game with additional offenses resulting in an ejection.

Rule 7: Section 7 - No Pitch
No pitch shall be declared when:
Rule 7: Section 8 - Illegal Pitcher
An illegal pitcher is a player legally in the game, but one who may not pitch as a result of being removed from the pitching position by the umpire.
Effect: The illegal pitcher who returns to the pitching position and throws one legal or illegal pitch shall be ejected.

Rule 7: Section 9 - Questioning of Balls and Strikes
No questioning, commenting or gestures of balls or strikes called by the umpire will be tolerated. One warning will be given per team. On the second offense the offending player or member of the team shall be ejected.

RULE 8- Batting
Section 0; Ball/Strike Count & Foul Balls
ISA Slow Pitch has a 3 ball and 2 strike pitch count, and does allow 1 extra foul.
   A. After taking a position in the batter’s box, an out will be declared when the batter does not swing at a 2nd strike, or fouls the second strike and the next pitch is called either a strike or a foul ball
   B. Foul balls will be live with runners being able to tag and advance with liability to be put out.

Rule 8: Section 1 - On-Deck Batter
   A. The on-deck batter is the offensive player whose name follows the name of the person currently batting.
   B. The on-deck batter may loosen up with no more than 2 official softball bats, an approved warm-up bat, or combination not to exceed 2. Any detachable piece placed on the bat must be approved by the ISA.
   C. The on-deck batter may not interfere with the defensive player’s opportunity to make a play.
Effect:
If it involves a runner, the runner closest to home at the time of the interference shall be called out.

If the interference is with the defensive player fielding a fly ball, the batter is declared out.

**Rule 8: Section 2 - Batting Order**

A. The batting order showing each player’s name, uniform number and position must be on the line-up card and must be delivered to the umpire or scorekeeper before the game begins.

B. The batting order must be followed throughout the game unless a starting player is replaced by a substitute. When this occurs, the substitute must take the place of the removed player in the batting order.

C. The first batter in each inning shall be the batter whose name follows that of the last player who completed a turn at bat in the previous inning.

D. Each player on the side at bat shall become the batter and enter the batter’s box in the order in which that batter’s name appears on the score sheet. This begins the batter’s turn at bat, and it continues until the batter is put out, becomes a batter-runner or is substituted for while at bat.

E. When the third out of an inning is made before the batter can complete a turn at bat, the same batter will be the first batter in the next inning, and all previous called balls and strikes will be canceled.

**Rule 8: Section 3 - Batting out of Order**

Batting out of order is an appeal play that may be made only by the defensive team. The defensive team forfeits its right to appeal batting out of order when one legal or illegal pitch has been made to the following batter, or when the pitcher and all infielders have clearly vacated their normal fielding positions and have left fair territory on their way to the dugout area.

A. If an incorrect batter is discovered before the batter completes the turn at bat, the correct batter may take its proper place, assuming any accumulated balls and strikes with no penalty.

B. If the mistake is discovered after the incorrect batter has completed his or her turn at bat, and before a pitch has been made to the next batter, the batter who should have batted is called out. All base runners, if they have advanced, must return to the base occupied at the time the incorrect batter took a position in the batter’s box. The next batter is the player whose name follows that of the batter called out for the failure to bat.

C. If the mistake is not discovered until after a pitch is made to the next batter, then the turn at bat of the incorrect batter is deemed legal. All bases advanced of runs scored are counted, and the next batter shall
be the one whose name follows that of the incorrect batter who has just finished a turn at bat. No one is called out for failure to bat. The batter merely misses the turn at bat with no penalty. The batter following in the batting order becomes the legal batter.

D. No runner shall be removed from the bases that a runner is occupying, except the batter-runner who has been taken off base by the umpire as in the case of sub-section B above. The batter merely misses the turn at bat with no penalty. The batter following in the batting order becomes the legal batter.

Rule 8: Section 4 - Batting Position
A. The batter must have both feet completely on, or within the lines of the batter's box prior to the start of the pitch.
B. The batter must take a position in the batter's box, within 5 seconds of the umpire declaring, “play ball.”
   Effect: The umpire will call a strike when a batter fails to get into the box in the allotted time. No pitch needs to be thrown, and the ball remains dead.
C. The batter shall not step directly in front of the catcher and into the other batter's box while the pitcher is in position to pitch.
   Effect: The batter is declared out and no runners may advance on the play.
D. The batter must request time from the home plate umpire before stepping out of the batter's box. Granting time is at the discretion of the umpire.

Rule 8: Section 5 - Strike is Called by the Umpire
A. For each legally pitched ball entering the strike zone before touching the ground, not struck at by the batter.
   The umpire shall not let the batter's position in the batter's box be of influence in calling strikes. Each pitch shall be judged according to the height of any part of the ball as it is crossing only above or over any part of home plate.
B. For each legally pitched ball swung at and missed by the batter.
C. For each pitched ball swung at and missed which touches any part of the batter.
D. When any part of the batter’s person or clothing is hit with the batter’s own batted ball when the batter is in the batter's box, and has fewer than two strikes.
E. When a pitched ball hits the batter while he is in the strike zone.
F. If the batter does not take a position within the batter’s box within five (5) seconds after the umpire declares “play ball.”
G. For each foul ball not caught on the fly, with less than two (2) strikes.
Effect: Section 5 – Sub-sections B-G:
- The ball is dead
- All runners must return to their base without liability of being put out.

Rule 8: Section 6 - Ball is Called by the Umpire
A. For each legally pitched ball which does not enter the strike zone, touches the ground before reaching home plate, or touches home plate, and the batter does not swing.
B. When a pitched ball hits the batter or is touched by the batter outside of the strike zone.
   Effect: The ball is ruled dead by the umpire
C. When any illegally delivered pitch is made and not swung at.
D. When there is an illegal pitching action.
   Effect: The ball is immediately ruled dead by the umpire

Rule 8: Section 7 - The Batter is Out
A. When the second strike is swung at and:
   a. Missed.
   b. Tipped and goes directly from the bat, higher than the batter’s head, to the catcher’s hands or glove and is legally caught by the catcher.
B. When a batter enters the batter’s box with, or is discovered using an altered bat. The batter is also ejected from the game.
C. When the batter enters the batter’s box with, or is discovered using an illegal bat, which does not meet the requirements of ISA rules.
   a. The illegal bat shall be removed from the game
   b. Any other player discovered using that bat will be ejected from the game.
D. When the batter has batted a ball either fair or foul:
   a. And the batter’s entire foot is completely outside the lines of the batter’s box and on the ground at the time the ball is struck by the bat.
   b. And any part of the foot is touching home plate at the time the ball is struck by the bat.
E. When, in SP, the batter intentionally bunts the ball, either fair or foul, without swinging.
F. When, in SP, the batter strikes the ball downward with a chopping motion of the bat.
G. When the batter hits a ball that is in fair territory with the bat a second time.
Exception: If the batter is standing in the batter's box and contact is unintentionally made while the bat is in the batter's hand, a foul ball shall be ruled even if the ball is hit a second time over fair territory.

H. When the batter drops the bat and the ball rolls against the bat in fair territory and, in the umpire’s judgment, the batter intended to interfere with the course of the ball.  

Effect: Rule 8: Section 7 – Sub-sections A-H:
- The batter is out
- The ball is dead
- Each runner must return the base legally held at the time of the pitch.

I. When the batter hits an Infield Fly.

J. When the batter hits a line drive or fly ball that an infielder intentionally does not catch, with any of the bases occupied before two are out.  
   Effect: the batter is out, the ball is dead, and all runners must return to the base occupied prior to the pitch.

K. When the batter hits a fly ball that is legally caught.  
   Effect: The ball is live and in play. Runners may advance with liability to be put out.

L. If the catcher is attempting to make a play on a base runner, the batter shall not hinder the catcher from catching or throwing the ball by stepping out of the batter’s box, or intentionally hindering the catcher while in the batter’s box.  
   Effect: The ball is dead and the batter is declared out. Each runner must return to the last base that, in the judgment of the umpire, was last touched at the time of the interference.

M. Any batter-runner who carries the bat during a live ball and legally touches or passes first base while still holding the bat will be declared out. Should this be the third out of the inning, it is treated as a forced out and no preceding runner shall score.

N. When the batter hits a home run and that team has already hit their limit of home runs in that particular classification.  
   Note: Refer to the home run / penalty chart as additional penalties may apply.

O. When the batter swings at a pitched ball after it hits the ground or home plate.  
   Effect: The ball is dead and the batter is ejected.

P. When the batter hits a foul ball after one (1) strike and one (1) foul.  
   Effect: The batter is out.

Q. The batter shall not wave the bat or make any motion with an obvious intention of interfering with the catcher receiving the pitch. The second offense by the same batter in the same at bat shall cause the batter to be declared out.
Effect: The ball is dead and all base runners shall return to the base occupied at the time of the pitch.
R. When the batter is hit by a fair batted ball while outside the batter’s box and advancing.

Rule 9- Batter-Runner and Runner

Rule 9: Section 1 - Batter-Runner
The batter becomes a batter-runner:
A. After finishing a turn at bat, but has not yet been put out, or touched a base.
B. As soon as the batter legally hits a fair ball.
C. When three balls (SP) or four balls (FP) have been declared by the umpire
   Effect: The ball is live and the batter-runner is awarded first base without liability to be put out.
D. If the batter is intentionally walked.
   a. In SP, if the defense desires to intentionally walk a batter, it may do so only by the coach, catcher, or pitcher notifying the umpire.
   b. In FP, the pitcher must actually deliver the required number of pitches to the batter.
E. When the catcher obstructs, hinders or prevents the batter from striking or hitting a pitched ball.
   Effect: The ball is dead and the batter-runner is awarded first base. All other runners move up one base, if forced as a result of the batter becoming a batter-runner.
F. When the catcher obstructs and the ball is hit
   1. The umpire shall give a delayed dead ball signal
   2. If the batter hits the ball and reaches first base safely, and if all other runners have advanced at least one base on the batted ball, catcher’s obstruction is canceled. All action as a result of the batted ball stands. No option is given.
      Note: Once the runner has passed a base, the runner is considered to have reached that base and no option is given.
   3. If the manager does not take the result of the play, the obstruction is enforced by awarding the batter first base. Each runner on base is advanced, if forced.
G. When a ball is caught with an illegal glove in any manner.
H. When an untouched batted ball strikes the person, attached equipment or clothing of a runner while in fair territory and in contact with a base.
Effect: Section 1, Sub-sections G-H:
   • the ball is dead
• the batter-runner is awarded first base.
• All other runners move up one base, only if forced.

I. When an untouched batted ball strikes the person, attached equipment or clothing of a runner while in fair territory and not in contact with a base, with less than two outs.
   **Effect:** The ball is dead, the batter-runner is awarded first base and the hit runner is declared out. Each runner on base is advanced, if forced.

**Rule 9: Section 2 - Batter-Runner is Out**

A. When the batter-runner fails to advance to first base and enters the team area after a fair, batted ball or a base on balls.

B. When a safety base is present and the runner does not touch the orange portion of the base on the initial play if the defense is making a play on the batter runner
   **Effect:** The ball is dead and runner(s) must return to the last legally touched base at the time the batter-runner becomes out.

C. When the batter-runner runs outside of the three-foot line and, in the judgment of the umpire, interferes with the fielder taking the throw or making a play at first base.
   **Note:** The batter-runner may run outside of the three-foot line to avoid a fielder attempting to field a batted ball.

D. When the batter-runner interferes with a fielder attempting to field a batted ball, interferes with a fielder attempting to throw a ball, intentionally interferes with a thrown ball or makes contact with a fair batted ball before reaching first base.
   **Note:** If this interference, in the umpire’s judgment, is an obvious attempt to prevent a double play, the runner closest to home shall be called out.
   **Note:** A batter-runner being hit with a thrown ball does not necessarily constitute interference.

E. When the batter-runner interferes with a play at home plate in an attempt to prevent an obvious out at home plate.
   **Effect:** The ball is dead and both the batter and the runner going to home are out.

**Effect: Section 2 – Sub-sections B-E:**

• The ball is dead
• All runners must return to the last legally touched base at the time of the interference.

F. When the batter-runner moves back toward home plate to avoid or delay a tag by a fielder, or flagrantly gives up the right to first base by entering dead ball territory.
G. When the immediate preceding runner, who is not yet out, intentionally interferes with a fielder who is attempting to catch a thrown ball, or throw a ball in an attempt to complete the play.

H. When, after hitting a fair ball, the batter-runner is touched with the ball by a fielder while the batter-runner is off base.

I. When, after hitting a fair ball, a fielder holds the ball on first base before the batter-runner touches or passes that base.

J. When the batter-runner impedes or confuses a defensive player attempting to execute a play.

Rule 9: Section 3; Touching Bases in Legal Order
A. When a runner must return to a base while the base is in play, the runner must touch the base(s) in reverse order.

B. When a batter-runner acquires the right to a base by touching it before being put out, they are entitled to hold the base until they have legally touched the next base, or are forced to vacate it for a succeeding runner.

C. When a runner dislodges a base from its proper position, neither that runner, nor the succeeding runner(s) in the same series of plays are compelled to follow a base out of position. 

Effect: Section 3 B-C: The ball is in play and the runner may advance or return with liability to be put out.

D. A runner shall not run the bases in reverse order either to confuse the fielders or to make a travesty of the game.

Effect: The ball is dead and the runner is out.

E. Two (2) runners may not simultaneously occupy the same base.

Effect: The runner who first legally occupied the base shall be entitled to it unless forced to advance. The other runner may be put out by being touched with the ball.

F. Failure of a preceding runner to touch a base or to legally tag up on a caught fly ball and who is declared out, does not affect the status of the succeeding runner who touches the bases in proper order. If the failure to touch a base, touch bases in proper order, or to legally tag up on a caught fly ball is the third out of the inning, no succeeding runner shall score a run.

G. No runner may return to touch a missed base or one that the runner had left soon after a following runner has scored, or once that runner leaves the field if play.

H. Bases left too soon on a caught fly ball must be retouched prior to advancing onto other bases.

I. Awarded base must be touched in legal order.
Rule 9: Section 4; Runners are Entitled to Advance with Liability to be Put Out

A. On a thrown ball or fair batted ball that is not blocked.
B. On a thrown ball that hits an umpire.
C. When a legally caught fly ball is first touched.
D. If a fair ball strikes an umpire or strikes a runner after having passed an infielder other than the pitcher, and provided no other infielder had a chance to make an out, or a fair ball has been touched by any infielder including the pitcher.
E. When a runner attempts to advance after a pitch to the batter, in which the ball hits the ground, hits home plate or crosses home plate.
F. When a live ball strikes a non-player (e.g. photographer, grounds keeper, policeman, etc) and the non-player is assigned to the field as part of the game.

Note: Section 4; A-F: The ball remains live and in play.

Rule 9: Section 5 - Runners Forfeit Their Exemption from Liability to be Put Out

A. If the runner fails to touch a base before advancing to the next base while the ball is in play, or on awarded bases.
B. If the runner attempts to continue to second base after over-running first base.
C. If a runner attempts to continue to the next base after dislodging a base.

Rule 9: Section 6 - Runners are Entitled to Advance without Liability to be Put Out

A. When forced to vacate a base because the batter was awarded an unintentional or intentional base on balls. All runners affected are entitled to one base and may advance farther at their own risk.
   Note: The ball is live.
B. When a fielder, not in possession of the ball, not in the act of fielding a batted ball impedes the progress of a runner or batter-runner that is legally running the bases.
   Note: Obstructed runners are still required to touch all bases in proper order or they could be called out on a proper appeal by the defensive team.
1. If the obstructed runner is put out prior to reaching the base that the runner would have reached had there not been an obstruction, a dead ball is called and the obstructed runner and any other runner affected by the obstruction will be awarded the base or bases they would have reached, in the judgment of the umpire, had there not been an obstruction.
2. An obstructed runner may never be called out between the two bases where an obstruction occurred. This runner would either be advanced, or return to the last base touched.

3. Should an act of interference occur following any obstruction call, the enforcement of the interference penalty would take priority.

4. If the obstructed runner is put out after passing the base the runner would have reached had there not been an obstruction, the obstructed runner will be called out.

**Note:** The ball remains live.

5. When a runner, while advancing or returning to a base is obstructed by a fielder who does not have the ball, is not attempting to field a batter ball, or is faking a tag without the ball; the obstructed runner and any other runner affected by the obstruction will always be awarded the base or bases the runner would have reached, in the umpire’s judgment, had there been no obstruction. **Note:** If the umpire feels there is justification, a defensive player making a fake tag may be ejected from the game.

6. If a defensive player is fielding a thrown ball and the flight carries or draws him into the path of the runner, this would not constitute obstruction.

7. If the ball, runner and defensive player all arrive at the same time and contact is made, the umpire should not invoke a collision rule (interference or obstruction) as this is considered incidental contact.

C. When a fielder intentionally contacts or catches a fair batted or thrown ball with a cap, helmet, mask, protector, pocket, detached glove or any part of their uniform which is detached from its proper place on their person.

**Effect:** The runners would be entitled to 3 bases from the time of the pitch ball, if a batted, or 2 bases from the time of the throw.

1. Runners may advance farther at their own risk.

2. If the illegal catch or touch is made on a fair, batted ball that, in the judgment of the umpire, would have cleared the outfield fence in flight, the batter-runner shall be awarded a four base award.

If this interference, in the judgment of the umpire, is an obvious attempt to prevent a double play and occurs before the runner is put out, the immediate succeeding runner shall be called out.
Note: If a ball ricochets off of one defensive player and another player has the opportunity to make an out, the runner will be called out if the runner interferes with the second fielder.

**Fast Pitch**

ABIDE BY OFFICIAL ISA RULES, IF NOT SPECIFICALLY COVERED IN FAST PITCH RULES OUTLINES. THE FAST PITCH AND MODIFIED PROGRAM WILL:

The previsions of the General ISA Guidelines of this Rule Book apply to the Fast Pitch and Modified Fast Pitch programs. Additions or differences in Modified Fast Pitch are indicated with “MP” preceding text. In the event an occurrence arises that is not covered under the official ISA Rules, or the Fast Pitch rules as listed, then good, common sense and judgment pertaining to fairness to both teams involved will be used by tournament officials. All teams will abide by their decision or forfeit the game and their entry fee.

NOTE 1: All teams entering any ISA sanctioned tournament will be required to pay the tournament entry fee unless that team withdraws from the tournament before the tournament schedule is drawn up. Any team that does not pay the tournament entry fee after entering will be suspended from ISA play until it pays that entry fee.

NOTE 2: The ISA accepts no responsibility and disclaims all liability for any bodily injury or property damage to ball players, fans, or other members of the public which arise from ISA sanctioned game play or any actions (whether physical or administrative) of ISA Directors or Umpires whether intentional or by accident.

NOTE 3: The ISA has been formed in order to try and provide a fair, impartial association for governing softball. We want everyone involved in our program to be treated fairly. If for any reason you feel your team is being treated unfairly by an ISA State or Area Director, please contact the ISA National Office immediately.

Rule 1- The Playing Field

Section 1; The playing field is the area within which the ball may legally be played and fielded. The playing field shall have a clear and unobstructed area with the radius of the prescribed fence distances, from home plate between the foul lines.

Section 2; The playing field dimensions for ISA Fast Pitch Softball Program are described on page 20.

Section 3; Ground rules or special rules establishing the limits of the playing field may be agreed upon by leagues or opposing teams whenever backstops, fences, stands, vehicles, spectators or other obstructions are within the prescribed area.

Section 4; The playing field layout should include, in addition to marking for foul lines, the following:

A. The base-runners path is drawn parallel to and three feet from the baseline, starting at a point halfway between home plate and first base.
B. The batter’s on deck circle is a 5 foot circle placed between home plate and first base and between home plate and third base.
C. The batter’s box, one in each side of home plate, shall measure 3 feet by 7 feet. The inside lines of the batter’s box shall be 6 inches from home plate. The front line shall be 4 feet in front of the center of the plate. The lines are considered as being in the batter’s box.
D. The catcher’s box shall be 10 feet in length from the rear outside corners of the batter’s boxes, and shall be 8 feet 5 inches wide.
E. The catcher’s box is behind a line 15 feet long drawn outside the diamond. The line is parallel to and 8 feet from the foul lines, extending from the bases towards home plate.
   MP: There shall be a 16 foot circle drawn around the pitcher’s plate, 8 feet in radius.

Section 5; If during the course of any game the base distance or pitching distance is found to be in error, the error should be corrected and the game should continue. This is not a point to be protested, and any corrections must be made when a full inning is completed. NOTE: There shall be a 16 foot circle drawn around the pitcher’s plate, 8 feet in radius. When the ball is in possession of the pitcher within the 16 foot circle, any runners between the bases must immediately advance to the next base or return to the last base touched, with liability of being put out. If the runner fails to return or advance immediately, the runner will be declared out. This will also apply to a batter-runner who has been awarded a base on balls.
Section 6; The double base is optional for first base. If the double base is used, the white portion is where first base normally would be and the colored portion in foul territory. A batter-runner must touch the colored portion in foul territory. A batter-runner must touch the colored portion on the initial play to the base.

After the initial play, the base runner must always use the white portion of the base. A runner in contact with the colored portion is considered to be off base. NOTE: Whenever a play is being made on the batter-runner, the defense must use the white portion and the batter-runner the colored portion. The batter-runner is out when there is a play being made at first base and the batter-runner touches only the white portion, providing the defense appeals prior to the next pitch.

Rule 2 - Equipment and Uniform Rules – refer to page 21

Rule 3 - Player Substitutions

Section 1; Lineups shall consist of a minimum of 8 and a maximum of 14 players (maximum of 11 batters), it the designated hitter, Base Bandit, and legal 2 extra players and 2 defensive players are used. 1. Take the result of the play.
2. Having the last batter return and assume the ball and strike count that batter had prior to the last pitch.
3. Disqualification of the illegal player. Each runner would return to the base occupied prior to the play.
4. After the next pitch legal or illegal, the illegal player is disqualified and all play stands.

If the illegal player is discovered by the defense:

1. While the illegal player is at bat, the illegal player is disqualified, and a replacement shall assume the ball and strike count, any advancement of runners while the illegal player is at bat shall be legal.
2. After the illegal player has completed a turn at bat and before the next pitch legal or illegal, the illegal player would be called out and all players return to the last occupied base. After the next legal or

1. If the (EP) or any other player is removed, injured or ejected from the game, with no substitutes to replace the player, the vacant spot automatically becomes an out each time the vacant spot comes to bat.

NOTE: When a team is left with a vacant spot in the line-up because of a player as described in the section above, the opposing team may not intentionally or unintentionally walk the previous batter, in order to get the “automatic out” created by the vacant spot in the batting order. Exception: If a team bats around in the batting order in the same inning, the BB can run a second time for the same batter, batting in the same position in the line-up.

A. In the event the base burglar enters the game to run for a second player in the same inning and it is discovered by the defensive team prior to the runner scoring.

Effect: The runner is out and the offending team forfeits their use of the base burglar for the remainder of the game. (The base burglar can still be used as a legal substitute.)

Section 7; Any of the starting players, except the DH and BB may be withdrawn from the game and re-entered once. This includes the EP provided the player occupies the original position in the batting order whenever in the game. NOTE: The original player and their substitute cannot be in the game at the same time.

1. If the EP or any other player is removed, injured or ejected from the game, with no substitutes to replace the player, the vacant spot automatically becomes an out each time the vacant spot comes to bat.

NOTE: When a team is left with a vacant spot in their line-up because of a player as described in this section, the opposing team may not walk, whether intentional or not, the previous batter in order to get the “automatic out”. If the previous batter is walked the vacant spot is skipped, the automatic out is waived, and the next batter is the name who follows the vacant spot in the batting order. The game may end on an automatic out.

**Section 10;** A player shall be officially in the game when their name has been entered on the official score sheet, or has been announced.

A. The pitcher shall take, or simulate taking, a signal from the catcher.
B. The pitcher, before pitching and after receiving the signal from the catcher, must take a position with the shoulders in line with first and third base, with the ball in both hands.
C. After receiving the ball from the catcher, the pitcher must deliver the ball towards home plate in no less than one second or more than 10 seconds. The pivot foot must remain in contact with, or push off and drag away from the pitching plate prior to the front foot touching the ground. The pivot foot must remain in contact with either the pitching plate or at ground level. The pitcher will be considered to be in the pitching position unless the catcher is not in position to receive the pitch.
D. The pitching position may not be assumed by the pitcher on or near the pitching plate, without having possession of the ball.

PENALTY: Violation of rules A – E are illegal pitches

Section 2; The pitch starts when the pitcher separates one of the hands from the ball after the hands are together.

Section 3; After taking the signal, the pitcher may not step backwards with the non-pivot foot.

B. It is not considered a step, if the pitcher slides their foot on the pitching plate, provided contact with the plate is maintained.
C. Such techniques as the “crow hop” and “leap” are illegal.

Section 4; A legal delivery is one in which the ball is delivered to the batter with an underhand straight line of the body.

A. The follow through of the hand and wrist and the release of the ball must be forwards, past the straight line of the body.

C. No wind-up is used, meaning a stop or reversal of the forward motion.
D. There is no more than one revolution of the arm in the windmill pitch. The pitching arm may be dropped to the side and to the rear before starting the windmill motion. The ball does not have to be released the first time past the hip.
E. The pitcher makes no continuous wind up after taking the forward step, which is simultaneous with the release of the ball.
Section 5; While in the pitching position, the pitcher may not deliberately drop, roll or bounce the ball in order to prevent the batter from striking it.

Section 6; During the game, the pitcher may not use tap or other substances on the ball, pitching hand or fingers. Nor shall any player apply any foreign substance on the ball. With the umpire’s approval, powered resin may be used to dry the hand. The wearing of any item on the pitching hand, wrist or arm which may be distracting to the batter will not be allowed.

PENALTY: Any infraction of Section 1-6 constitutes an illegal pitch. If not previously covered, the umpire will indicate and declare a delayed dead ball. A ball is awarded to the batter, and all base-runners advance one base. If the illegal pitch is hit, and all runners including the batter-runner advance one base, then the play stands. A warning is issued to the pitcher, and if the pitcher continues to throw illegal pitches, the umpire may remove the pitcher from the pitching position for the rest of the game.

Section 7; The umpire will declare “No Pitch” when:

A. A pitcher pitches during suspension of play.
B. A runner is declared out for leaving the base before the ball leaves the pitcher’s hand.

Play shall be suspended during this time. PENALTY: A pitcher will be penalized by awarding a ball to the batter for each pitch in excess of five. NOTE: Under the discretion of the home plate umpire, the pitcher may be authorized more pitches due to inclement weather, injury or other circumstances.

Section 9; If the ball slips from the pitcher’s hand during the wind-up or during the back swing, a ball shall be called on the batter and the ball remains in play. Runners may advance at their own risk.

Section 10; After assuming the pitching position, the pitcher may not throw to a base while their foot is in contact with the pitching plate. PENALTY: An illegal pitch is declared. NOTE: An illegal pitch will be declared if any fielder takes a position in the batter’s line of vision, or with deliberate unsportsmanlike intent,
act in a manner to otherwise distract the batter. A pitch does not have to be delivered or released.

**Section 11;** No player, manager or coach shall call “Time” or employ any other words or phrase, to commit any act while the ball is live and in play for the obvious purpose of trying to make the pitcher commit an illegal pitch. **PENALTY:** “No Pitch” will be declared and a warning issued to the offending team. A repeat of this type shall result in the offender being removed from the game.

**Section 12;** There shall be only one charged conference between the manager or other team representative from the dugout, with each and every pitcher or defensive player in an inning. The second charged conference shall result in the removal of the pitcher from the pitching position for the remainder of the game.

The step must be forward and toward the batter with in the 24-inch length of the pitcher’s plate. The stepping foot must be pointed towards home plate and must not touch the ground in front of, or cross over a straight line between the pivot foot and home plate. It is not a step if the pitcher slides the pivot foot across the pitchers plate.
- **B.** Pushing off the pitching plate with the pivot foot shall be allowed

   a. The ball must not be outside the pitcher’s wrist at the top of the back swing and during the complete forward delivery.
   b. On the forward swing of the pitching arm the elbow must be locked at the point of release and the driving hip must be squared with home plate when the ball is released.

   EFFECT: The ball is dead, the batter is out, and base runners may not advance.

C. The batter must take their position within ten (10) seconds after
the umpire has called “play ball”. They must have both feet within the lines of the box before the start of the pitch. They may touch the line, but no part of their foot may be outside of the lines prior to the pitch. EFFECT: The ball is dead. The umpire will call a strike on the batter and will also issue a warning to the batter to take their position or risk being called out. If the batter refuses to take their position after the warning they will be called out. The warning will be given to a batter only one time per game. Any repeated violation during the game by that player will result in an out being called.

When this occurs, the substitute must take the place of the player they are replacing in the batting order. The first batter in each inning shall be the batter whose name follows that of the last player who completed a turn in the preceding inning. EFFECT: Batting out of order is an appeal play which may be made by the defensive team only.

A. If the error is discovered while the incorrect batter is at bat, the correct batter takes their place and legally assumes any balls and strikes

B. If the error is discovered after the incorrect batter has batted and before the next pitch to the following batter, the player who should have batted is out. Any advance or score made because of the batted ball and the improper batter’s advance to 1st base on a hit, an error or a base on balls shall be nullified. The next batter is the player whose name follows that of the player called out for failing to bat.

C. If the error is discovered after the first pitch to the next batter, the turn at bat of the incorrect batter is legal; all runs scored and bases ran are legal and the next batter shall be the one whose name follows that of the incorrect batter. No one is called out for failure to bat. Players who have not batted and who have no been called out have lost their turn at bat until reached again in the regular order.

D. No base-runners shall be removed from the base they are occupying to bat in their proper place. They merely miss their turn at bat with no penalty. The batter following them in the order becomes the legal batter.

E. When the third out of the inning is made before the batter had completed their turn at bat, they shall be the first batter in the next inning and shall have the ball and strike count on them canceled.

Section 3; Members of the team at bat shall not interfere either physically or vocally with a player attempting to field either a fair or foul ball. This includes the
base coach. EFFECT: The ball is dead, the batter is out and base runners may not advance.

A. For each legally pitched ball entering the strike zone before touching the ground and at which the batter does not swing.

D. While on or over fair ground, touches the person or clothing of an umpire or player.
E. First falls on fair ground beyond 1st or 3rd base, a fair fly ball must be judged according to the relative position of the ball and the foul line, regardless of whether the fielder is on fair or foul ground at the time they touched the ball. EFFECT: The ball is in play and base runners are entitled to advance any number of bases with liability to be put out. The batter becomes a base runner unless the infield fly rule applies.
F. While on or over fair ground, the ball lands behind a fence or into the stands beyond the outfield fence. This is a home run.

Section 9; The batter is out:

A. When the 3rd strike is struck at, missed and touches any part of the batter’s person.
B. When a batter appears in the batter’s box with or is discovered using an altered or an illegal bat. The batter is also ejected from the game for using an altered bat. See Rule 2, Section 2, for penalty.

EFFECT: The ball is dead, the batter is out and base runners must return to the last base touched at the time of the pitch. This does not apply to an infield fly, the dropped ball remains alive on an infield fly. NOTE: A trapped ball shall not be considered as having been intentionally dropped.
F. If a preceding runner, in the umpire’s judgment, intentionally interferes with a fielder who is attempting to catch a thrown ball, or is attempting to throw a ball in an attempt to complete a play; the preceding runner and the batter are both declared out.
G. Any batter-runner who carries the bat, during a live ball, and legally reaches or touches 1st base while still holding the bat, will be declared out. Should this be the 3rd out of the inning, no preceding runner shall score. EFFECT: If less then two (2) outs, a delayed ball signal will be given and the ball will remain live.

H. When the batter attempts a bunt on the 3rd strike and bunts the ball foul.

I. On a legally caught 3rd strike, foul ball or foul tip.

J. When hit by their own batted ball, in fair territory, outside the batters box.

Section 10; The batter or base runner is not out if a fielder making a play on them uses an illegal glove. The manager of the offended team has the option of having the batter bat over and assuming that ball and strike count they had prior to the pitch they hit (base runners return); or taking the result of the play. The umpire will signal a delayed dead ball.

Rule 8 - Base Running

Section 1; The base runner must touch the bases in legal order (i.e. 1st, 2nd, 3rd, home plate.)

A. When a base runner is forced to return to a previous base while the ball is in play and base runners must return with liability to be put out.

B. When a base runner acquires the right to a base by touching if before being put out they may hold the base until they have legally touched the next base in order, or is forced to vacate it for a succeeding runner.

they nor the succeeding runner in the same series of plays are compelled to follow a base unreasonably out of position. The ball is in play and runners may advance without liability of being put out.

D. A base runner may not run the bases in reverse order, weather to confuse the fielders or to make a travesty of the game. EFFECT: The ball is dead and the runner is out.

E. Two base runners may not occupy the same base simultaneously. EFFECT: The runner who first legally occupied the base is entitled to it. The other runner may be put out by being touched with the ball.

F. Failure of a preceding runner to touch a base or leave a base legally on a caught fly ball and who is declared out, does not affect the status of a succeeding runner who touches the base in proper order; however, it the preceding runner were to be called out for the 3rd out of the inning, no succeeding runner may score a run.

G. No runner may return to touch a missed base or one left illegally after a following runner has scored.

H. When the ball is dead, no runner may return to touch a missed base, a base they have left after they left illegally, even after the ball becomes alive; however, when a dead ball occurs, a runner may return to a missed base if they are required to by the umpire in the awarding or determination of bases. The runner is not liable to be put out for missing a base beyond the base they are required to by the umpire in the awarding or determination of the bases. The runner is not liable to be put out for missing a base beyond the base they are required to return to.

I. No runner may return to touch a missed base or one left illegally once they enter their dugout or bench area.

J. When four (4) balls have been called by the umpire. Base runners do not advance unless forced or successful in an attempt to steal.

K. Bases left too soon on a caught fly ball must be retouched before advancing to the next base. Bases must also be touched in proper order.

Section 2; The batter becomes a batter-base runner:

A. As soon as they hit the ball.

B. When four balls have been called by the umpire. Base runners do not advance unless forced or successful in an attempt to steal.

C. When a (legal or illegal) pitched ball hits the batter's person or clothing; provided the batter does not strike at the ball. EXCEPTION: If the batter makes no effort to avoid being hit, or if the umpire calls the pitched ball a strike; the hitting of the batter is disregarded except that the ball is dead. The pitch will be called a strike or ball depending on the location of the pitch. Unless ball four is called on the batter, forcing runners to advance, all runners must return to the base occupied at the time of the pitch.

D. When the catcher or any other fielder obstructs or hinders the
batter from striking at or hitting a pitched ball. EFFECT: The ball is
dead, the batter is awarded 1\textsuperscript{st} base, and runners advance only if
forced.

a. The umpire shall signal “delayed dead ball.”
b. The offensive team manager has the option of taking the
base awarded the batter for catcher obstruction, or may
take the result of the play.
c. If the batter reaches 1\textsuperscript{st} base safely and all other runners
advance at least one base on the batted ball, catch
obstruction is canceled and no other options are given.

E. When a fair ball strikes the umpire or base runner on fair ground.

a. If the ball hits the umpire or base runner after passing an
infielder, other than the pitcher, or touches an infielder,
including the pitcher, the ball is in play.
b. If the ball hits the umpire or base runner before passing an
infielder, the ball is dead and the batter is entitled to 1\textsuperscript{st}
base without liability of being put out. Runners not forced
by the batter-runner must return.

F. When the catcher fails to catch the 3\textsuperscript{rd} strike before it touches the
ground, when there are two (2) outs, or there are fewer than two (2)
outs and 1\textsuperscript{st} base is not occupied, at the time of the pitch.

\textbf{Section 3;} Base runners are entitled to advance with liability to be put out:

A. When, after the pitcher releases the ball, the runner attempts to
advance to the next base without the aid of a base hit, put out or a
fielding (including batter) error (stealing base).
B. When the ball is batted into fair territory or foul territory and is not
blocked.
C. When a legally caught fly ball is first touched.
D. If a fair ball strikes an umpire or a runner after passing an
infielder other than the pitcher, or having been touched by an infielder,
including the pitcher, the ball shall be in play.

\textbf{Section 4; A} player forfeits their exemption from liability to be put out:

A. If, while the ball is in play, they fail to touch the base they are
entitled to before attempting to make the next base. If the runner put out
is the batter-runner at 1\textsuperscript{st} base, or any other runner forced to advance
because of the batter-runner, this is a force out.
B. If after over running 1\textsuperscript{st} base, the batter-runner attempts to
continue to the next base.
C. If after dislodging the base, the batter-runner attempts to continue
to the next base.

\textbf{Section 5;} Base runners are entitled to advance without liability to be put out:
A.  When forced to vacate a base because the batter was awarded a base on balls.

B.  When a fielder obstructs a base runner from making a base, unless the fielder is trying to field a batted ball, has the ball ready for a tag or is about to receive a thrown ball. EFFECT: When obstruction occurs, the umpire shall call and signal a delayed dead ball.

1.  If a play is being made on the obstructed runner or if the batter runner is obstructed before reaching 1st base, the ball is dead and all runners advance, without liability to be put out, to the bases they would have reached, in the umpire’s judgment, if there had been no obstruction. EXCEPTION: A base runner obstructed in a run down, shall be awarded the lead base at the time of obstruction. Any preceding runners forced to advance without liability to be put out.

2.  If no play is being made on the obstructed runner at the time of obstruction, the play shall proceed until the play is completed. The umpire shall call “time” and impose such penalties, if any, as in his judgment, will nullify the act of obstruction.

3.  If a fielder without the ball fakes a tag, the umpire may award the obstructed runner, and each other runner affected by the obstruction, the bases they would have reached, had there been no obstruction. NOTE: In the case of a fake tag, the fielder will be automatically ejected from the game.

C.  When forced to vacate a base because the batter was awarded a base for catcher obstruction.

D.  When a fielder contacts a batted or thrown ball with their cap, glove, or any part of their uniform, while detached from its proper place. EFFECT: A runner shall be entitled to three (3) bases if a batted ball or two (2) bases if a thrown ball; in either case, runners may advance further, at their own risk. If an illegal catch was made of a fair ball; that, in the judgment of the umpire, would have cleared the outfield fence in flight, a home run shall be awarded. The umpire will signal a delayed dead ball.

E.  When the ball is in play and is overthrown (beyond the established boundary lines), or is blocked. EFFECT: Awarded bases shall be determined by the position of the base runner(s) at the time of the infraction. All base runners will be allowed to advance one (1) base on a pitched ball that goes directly out of play. NOTE: For offensive equipment causing a blocked ball, the runner closest to home plate will be declared out and all other runners must return to the last base touched when the ball becomes blocked.

1.  The ball is dead. In all cases where a thrown ball goes into the spectators seats; goes over, through or under any fence surrounding the playing field; hits any person or object not engaged in the game, goes into the player’s
benches, including bats lying near the benches, whether the ball rebounds into the
playing field or not; or remains in the meshes of any wore screen, each and every base runner shall be awarded two (2) bases.

2. When the first throw is made by an infie
der, two (2) bases shall be awarded. Award shall be governed by the position of each runner at the time the pitch was made. However, if all runners including the batter-runner have advance at least one (1) base, when an infiel
der makes a wild throw on the first play after a pitch, the award of the bases shall be governed by the position of the runners, when the wild throw was made.

3. When a throw is made by an outfielder or is the result of any succeeding play or an attempted play, the 2 base awards shall be governed by the position of each runner and the last base they have touched at the time the throw was made. If two runners are between the same base, the award is based on the position of the lead runner.

4. When a fielder loses possession of the ball, such as on an attempted tag, and the ball enters a dead ball area or becomes blocked, all runners are awarded one (1) base from the last base touched at the time the ball enters dead ball area or becomes blocked. If a runner touches the next base and returns to their original base, the original base they left is considered the “last base touched” for the purpose of an overthrow award.

F. When a fair ball bounds or rolls into a stand; over, under or through a fence or bounds out of play unintentionally off a defensive player; or other obstruction marking the boundaries of the playing field. EFFECT: The ball is dead and all base runners are awarded two (2) bases from the time of the pitch.

G. When a live ball is unintentionally carried by a fielder from the playable territory into a dead ball area, the ball becomes dead. All base runners are awarded one base from the last base touched at the time the fielder enters the dead ball territory. If, in the judgment of the umpire, a fielder intentionally carries a live ball into dead ball territory, the ball becomes dead and all base runners are awarded two (2) bases from the last base touched at the time they entered the dead ball area. NOTE: A fielder carrying a live ball into the dugout or team area to tag a player, is considered to have intentionally carried it there. A dead ball line is considered in play.

H. When any pitched ball goes directly out of play (through, over, under fence/backstop). EFFECT: The ball is dead and all runners advance one base from the time of the pitch.
Section 6; A base runner must return to their base:

A. When a foul ball is legally caught and so declared by the umpire.
B. When an illegally batted ball is declared by the umpire.
C. When a batter or base runner is called out for interference. Other base runners shall return to the last base touched at the time of the interference.
D. When any part of the batter’s person is touched by a pitched ball that is swung at and missed.
E. When a foul ball is not caught. EFFECT: The ball is dead and base runners must return to base, except when forced by the batter becoming a base runner. Base runners need not touch the intervening bases in returning, but must return promptly; however, runners must be allowed sufficient time to return.

Section 7; Batter-base runner is out:

A. When, after a fair ball is hit, they are legally touched with the ball before they touch 1st base.
B. When, after a fly ball is hit, the ball is caught by a fielder before the ball touches the ground or any object other than a fielder.
C. When, after a fair ball is hit or a base on balls is awarded, they fail to advance to 1st base and enters their team area. EFFECT: The ball is in play and the batter-runner is out.
D. When they run outside the 3 foot line and in the judgment of the umpire, interferes with the fielder taking the throw at 1st base; however, they may run outside the 3 foot line to avoid a fielder attempting to field a batted ball.
E. When they interfere with a fielder attempting to field a batted ball or interferes (intentionally) with a thrown ball. If the interference, in the judgment of the umpire, is an obvious attempt to prevent a double play, the base runner closest to home plate, shall be called out.
F. When a batter-runner interferes with a play at home plate, in an attempt to prevent an obvious out at home plate. The runner is also out.
G. When they move back towards home plate to avoid or delay a tag by a fielder.
H. When they are discovered using an altered or illegal bat. EFFECT: The ball is dead and the batter-runner is out. Other base runners must return to the last base legally touched at the time of the illegal action.

Section 8; The base runner is out:

A. When, in running to any base, they run more than 3 feet from a direct line between that base and the next, in regular or reverse order, to avoid being touched by the ball in the hands of a fielder. When a play, such as a rundown is made on a runner who had “rounded” a base, and that runner is outside a direct line between bases, the runner
establishes their baseline as a direct line between her and the next base on regular or reverse order.

B. When, while the ball is in play, they are legally touched with the ball in the hands of a fielder while not in contact with the base.

C. When, on a force out, a fielder tags them with the ball or tags the base on a force out.

D. When the base runner fails to return to touch the base they previously occupied when play is resumed after suspension of play.

E. When a base runner physically passes a preceding runner before that runner has been put out.

F. When the base runner leaves their base to advance to another base before a caught fly ball has been touched by a fielder, provided the ball is returned to a fielder and legally held on that base or a fielder legally touches the base runner before they return to their base.

G. When the base runner fails to touch the intervening base or base in regular or reverse order and the ball is in play and legally held on that base; or the base runner is legally touched while off the base they missed.

H. When the batter-runner legally overruns 1st base, attempts to run to 2nd base and is legally touched while off the base.

I. In running or sliding for home plate, they fail to touch home plate and make no attempt to return to the base, when a fielder holds that ball in their hands while touching home plate and appeals to the umpire for a decision. EFFECT: Section 8 (F-I), these are appeal plays and the defensive team loses the privilege of putting the base runner out if the appeal is not made before the next legal or illegal pitch. If an appeal is made after the ball is dead and before the next pitch is made, the ball remains dead and runners may not advance. The pitcher must have the ball in their possession inside the 16’ circle. Any manager, coach or player may then make an appeal by announcing to the umpire which runner is being appealed; which base has been missed or which base has been left too soon. Any player may also make an appeal while the ball is still alive and before the ball becomes dead, by tagging the runner or the base being appealed, with the ball.

J. When the base runner interferes with a fielder attempting to field a batted ball or intentionally interferes with a thrown ball. If this interference, in the judgment of the umpire, is an obvious attempt to prevent a double play and occurs before the base runner is out, the immediate succeeding runner shall also be called out.

K. When a base runner is struck with a fair batted ball in fair territory while off base and before it passes an infielder, excluding the pitcher, or if it passes an infielder and another infielder has an opportunity to make a play.

L. When a runner intentionally kicks a ball which an infielder has missed.

M. When, with a base runner on 3rd base the batter interferes with a play being made at home plate with less than two (2) outs.

N. When anyone, other than another base runner, physically assist a base runner while the ball is in play.
O. When the coach near 3rd base runs in the direction of home plate on or near the baseline while a fielder is attempting to make a play on a batted or thrown ball, and thereby draws a throw to home plate. The base runner nearest to 3rd base shall be declared out.

P. When one or more members of the offensive team stand or collect at or around a base which a base runner is advancing, thereby confusing the fielders and adding to the difficulty of making the play. This includes the batboy or any other person authorized to sit on the team’s bench.

Q. When any base runner runs the bases in reverse order to confuse the defensive team or to make a farce of the game. This includes the batter-runner moving backwards towards home plate to avoid or delay a tag.

R. If a coach intentionally interferes with a thrown ball.

S. When a runner, after being declared out or after scoring, interferes with a defensive player’s opportunity to make a play on another runner. The runner closest to home plate at the time of the interference shall also be called out. EFFECT: Section (J-S) The ball is dead and the base runner is out. Other runners must return to the last base legally touched at the time of the illegal action.

T. When a defensive player has the ball and is waiting for the runner and the runner remains on their feet and deliberately, with great force, crashes into the defensive player; the runner is declared out. EFFECT: The ball is dead and all other runners must return to the last base touched at the time of the collision, unless Section 8(J) or Section 8 (S) applies. NOTE: If the act is determined to be flagrant, the offender is ejected from the game.

U. When the base runner(s) fail to keep contact with their base until a legally pitched ball leaves the pitchers hand. The ball is dead, “NO PITCH” is declared and the base runner(s) is declared out.

V. When they abandon a base, do not attempt to advance to the next base and enters the team area or leaves the field of play; the base runner shall be called out immediately upon entering the team area or upon leaving the field of play.

W. If hit by an infield fly when not in contact with the base. The ball is dead and the runner and the batter are both declared out. Other runners must return to the base occupied, without liability to be put out, at the time of the pitch.

X. Look back rule: Fast Pitch Only
   a. When a runner is off a base after a pitch or as a result of a batter touching first base, and while the pitcher has possession of the ball within the 16 foot pitching circle, the runner may stop once, but then must immediately return to the base or attempt to advance to the next base.
   b. Once the runner stops at a base for any reason, they will be declared out if they leave the base.
c. Responsibilities of the batter-runner after completing a turn at bat, and while the pitcher has the ball within the 16 foot pitching circle, including a base on balls or a dropped third strike are as follows:

i. A batter-runner who rounds first base towards second base may stop, but they must immediately return to first or attempt to advance non-stop to second base.

ii. A batter-runner who overruns first base toward right field, turns left and immediately stops, must then return non-stop to first or attempt to advance non-stop to second base.

iii. A batter-runner who overruns first base towards right field, turns left and moves directly towards second base and stops is committed to second and must attempt to advance non-stop to second base.

iv. A batter-runner who overruns first base toward right field, turns left and moves back toward the infield in any direction except directly towards second base is committed to first and must return to first base.

v. A batter-runner who overruns first base toward right field, and turns right, is committed to first base and must return to first base. PENALTY: (a-c) The ball is dead, “No Pitch” is declared when applicable, and the runner is out. If two runners or more are off their bases, when one is called out, the ball is dead and runners are returned to the last base touched. Only one (1) runner may be called out. EXCEPTION: The runner will not be declared out if a play is made on another runner, (a fake throw is considered a play), the pitcher no longer has possession of the ball within the 16 foot circle, or the pitcher release the ball on a pitch to the batter.

Section 9; Base runner is not out:

A. When a base runner runs behind or in front of a fielder and outside the baseline in order to avoid interfering with a fielder who is attempting to field the ball in the baseline.

B. When a base runner does not run a direct line to the base, providing the fielder in the direct line does not have the ball in their possession.

C. When more than one fielder attempts to field a batted ball and the base runner comes into contact with one who, in the umpire’s judgment, was not entitled to field the ball.

D. When the base runner is hit with a fair batted ball that has passed through an infielder, excluding the pitcher, and in the umpire’s judgment, no other infielder has an opportunity to make a play.

E. When a base runner is touched with a ball not securely held by a fielder.

F. When the defensive team does not request the umpire’s decision on an appeal play until after the next pitch.

G. When a batter-runner overruns 1st base after touching it, and
makes no attempt to advance to the next base.

H. When the base runner is not given sufficient time to return to a base, they shall not be called out for being off the base before the pitcher pitches the ball. No pitch shall be called by the umpire.

I. When a runner, who has legally started to advance, cannot be stopped by the pitcher receiving the ball while on the pitching plate nor by stepping on the pitching plate with the ball in their possession.

J. When a base runner holds their base until a fly ball touches a fielder, then attempts to advance.

K. When a runner is in contact with the base, and is hit by a batted fly or ground ball in fair territory, (unless the runner intentionally interferes with the ball), the base runner is not out and the ball is dead. EFFECT: Ball is dead, and all runners advance one base if forced.

L. When a base runner slides into a base and dislodged it from its proper place. The base is considered to have followed the runner.

M. When a fielder makes a play on a batter or base runner while using an illegal glove.

**THE COACH PITCH PROGRAM WILL ABIDE BY OFFICIAL ISA RULES IF NOT SPECIFICALLY COVERED IN YOUTH RULES.**

**Section 1;** A regulation game shall consist of 6 innings. A time limit may be used if all teams involved are notified prior to playing. It is recommended that the time limit be a minimum of 70 minutes. This also applies to the Championship game.

**Section 2;** The offensive team may bat all players present, however, they must bat a minimum of ten (10). In the event a team does not have 10 or more players present at game time, that team may start with 9 players, of which one must be a pitcher and another a catcher. The remaining players positions are as desired on the field of play, provided that they do not violate any other rule in this program. **NOTE:** No out will be declared against a team for a missing player in the batting line-up when a team starts with only 9 players. The 10th player must be put in the defensive line-up immediately upon appearing at the ball field, and is placed in the 10th batting position. If a player is removed, injured or ejected from the game,
and no substitutes are available to replace that player, an out will be declared whenever the players turn at bat comes around in the batting order.

**Section 3;** An offensive representative shall pitch anywhere within the circle as long as one foot stays in the circle after delivering the pitch. The defensive pitcher must take a position behind the pitchers rubber, to the side, but within the 16’ circle. The offensive representative is not allowed to coach or speak to the batter or base-runners. After a warning, the offensive representative will be removed from the game.

**Section 4;** The batter will receive five pitches or three strikes, whichever comes first. No Walks or called strikes are allowed. A foul ball on the 5th pitch is an out.

**Section 5;** Three outs or eight (8) runs are the maximum allowed in each half inning. When the 8th run of the inning has scored, time is called and the inning has ended. The game will be declared over when a team is mathematically eliminated.

**Section 6;** Each team may have one defensive coach, and one offensive coach on the playing field. All players playing in an outfield position must be positioned behind the bases. (NOTE: For 6 & Under, two defensive coaches, and two offensive coaches are allowed).

**Section 7;** Ten defensive players are permitted. Before the ball is batted, no more than six may take a defensive position on the infield. Unlimited defensive substitutions are permitted.

**Section 8;** No infielder will be closer than 30 feet (halfway between home and 1st and 3rd), prior to the release of the ball by the coach-pitcher.

**Section 9;** Bunting, slapping (chop swing), or half swings are not permitted. In the umpire’s judgment, if a batter intentionally takes a half swing, slaps or bunts, the ball is dead, a strike is called, and the offensive team manager is given one warning. If it happens again, the umpire will declare the batter out.

**Section 10;** The infield fly rule is not in effect. The ball remains alive with all runners in jeopardy of being put out.

**Section 11;** On an overthrown ball in foul territory, all runners may advance no more than one base at their own risk, and then the play will be called dead. NOTE: On an overthrown ball in fair territory, runners may advance to multiple bases at their own risk until time is called in accordance with Section 13.

**Section 12;** The ball is considered dead during an appeal.
Section 13; Time will be called by the umpire when one of the following has occurred:

A. The player-pitcher has the ball under control inside the circle, and the lead runner has stopped.

B. When the ball is held in front of the lead runner.

C. When an infielder has control of the ball in the infield, and the runners have stopped. Note: Runners more than half way to a base will be awarded the next base when any of the above occurs, if not more than half way, runners must return to the base they came from.

Section 14; Any player not in the offensive line-up may be used one time per inning as a courtesy runner. No stealing is allowed.

Section 15; Runners may lead off up to the 10 foot hash mark, once the pitcher releases the ball. If the runner passes the 10 ft line (hash mark) and the ball is batted into play, the runner must tag up prior to advancing to the next base. If the runner does not pass the hash mark and the ball is batted into play, the runner may continue to the next base without tagging up.

Section 16; The official softball used for the Coach Pitch Program shall be the 11 inch softball.

Section 17; Refer to the chart on page 70 & 71 for Pitching Distances, Suggested Base Path, and Playing Filed Radius.

NOTE: All Coach Pitch fields must have the following:

A 10 foot hash mark after 1st base, 2nd base and 3rd base and a batting arc that measures 15 feet up the first and third base line are mandatory.

Section 18; If a batted ball hits the offensive representative, (coach-pitcher), the ball is dead, all runners return to their previous base, and the batter is declared out.
